

## Agenda Item Summary Sheet

Item No: **G-2**  
Meeting Date: **August 3, 2022**

**Item Title:** Expansion of the Dune Management Cost Share Program

### **Item Summary:**

Staff has identified potential program changes that would expand the existing dune management cost share program to include sand relocation as a reimbursable activity on oceanfront property. The expansion of the dune vegetation program to include reimbursement for sand fence went into effect in April 2022, and staff would like to request that reimbursement funds include sand relocation. The goals of the cost share program are to improve dune management at the parcel level through increased financial assistance to oceanfront property owners resulting in better outcomes for both the property owner and the dune system town wide. A recommendation to fund OBX Better Beaches is also included.

### **Staff Recommendation**

Staff recommends adding sand relocation activities as a cost share option, approval of the updated program budget and amounts for reimbursement, as well as the amount suggested for OBX Better Beaches. A budget ordinance is included for your approval of this funding request.
