## WHAT IS A CITIZEN POLICE ACADEMY?

Our Citizen's Police Academy (CPA) is designed after a traditional police academy curriculum and teaching methods. Our CPA provides members from the community an opportunity to get a better understanding of their police department.

During eight (8) weekly 3-hour sessions, participants are introduced to a variety of legal, community and public safety topics. These topics are designed to orient participants into the police department's functional and operational procedures. These courses are not intended to train participants as police officers.

The academy is taught by sworn police officers and other legal and field experts. Participants will have the opportunity to meet the Chief of Police and all members of his command staff. Participants are encouraged to ask questions and engage in dialog on police and community related issues.

Our goal is to strengthen our community relationships by giving our citizens an up-close look into the daily operations of their police department and explore the many opportunities where we can band together to create a stronger, safer community.

This FREE program is offered once every year in the fall. Most classes meet Tuesday evenings from 6:00 p.m. to 9:00 p.m. at the Nags Head Police Department.
