

NC Coastal Resilient Communities Program

Resilient Strategy Vision

The resilient strategy vision was developed using the Town's vision adopted in the Comprehensive Plan, the vision for resiliency defined as part of the VCAPS report, and feedback from staff and the Planning Board.

A resilient Nags Head is a place where our community, economy, and ecosystems are better able to rebound, positively adapt, and thrive amid changing conditions and challenges. We strive to preserve and protect the Nags Head character, environment, economy, and sense of place in order to ensure a high quality of life for residents and visitors for present and future generations.
